

ProFruit Machinery™ is a family-based company that started with a father and son and their shared desire to offer more fruit, berry and vegetable processing possibilities for both leaders of their market and businesses that aspire to become such one day.

For almost 10 years we have been working with various fruit, berry and vegetable processing equipment in our juice production-based company “Savos sultys”. This way we have tried and tested the equipment from almost all producers in the market including it’s leaders. We have gained an extensive experience working with all the equipment parts of the processing lines, we constantly communicate with other producers and users of this equipment and for these reasons we truly understand what the effective work in fruit, berry and vegetable processing field requires.

Our core values are reliability, the highest quality and comprehensive assistance to the client in all matters. These values are also supported by the fact that our team consists of true professionals who have been working in a food processing equipment industry for more than 20 years and are capable of ensuring all the best engineering solutions.

Fruit and vegetable washer **AQUA 3000** is designed for washing and cleaning fruits and vegetables before processing. Fresh water and soft brushes leave the product intact, wash gently and cleanly.

- Fruit washer is entirely made of stainless steel.
- The washer is easy to clean after use.
- The washer cover can be opened for inspection and cleaning.
- Central command box provides operation of the machine.
- The speed of the washer is adjustable – the speed of the washer dictates the capacity of the processing line.
- Fruit washer has pivoting wheels.
- There is a gradual exchange of water during the washing: the inflow of fresh water comes in at the exit of the washer, the outflow of the wastewater goes out through the small tube at the entrance of the washer.
- A long slide at the outlet of the provides better draining process of fruits and removal of dirt (e.g. leaves, branches, etc.).
