

ProFruit Machinery™ is a family-based company that started with a father and son and their shared desire to offer more fruit, berry and vegetable processing possibilities for both leaders of their market and businesses that aspire to become such one day.

For almost 10 years we have been working with various fruit, berry and vegetable processing equipment in our juice production-based company “Savos sultys”. This way we have tried and tested the equipment from almost all producers in the market including it’s leaders. We have gained an extensive experience working with all the equipment parts of the processing lines, we constantly communicate with other producers and users of this equipment and for these reasons we truly understand what the effective work in fruit, berry and vegetable processing field requires.

Our core values are reliability, the highest quality and comprehensive assistance to the client in all matters. These values are also supported by the fact that our team consists of true professionals who have been working in a food processing equipment industry for more than 20 years and are capable of ensuring all the best engineering solutions.

7. Equipment is covered by 36-month warranty. Warranty period for bearings, engines and other bought parts are 12 months.

Beverage filter is made completely from stainless steel, has a sight glass and manometer. Filter has an integrated stainless steel mesh inside which ensures the highest filtration quality. The mesh has an extremely robust construction and high mechanical strength. The mesh comes in different sizes: from 10 μ m till 200 μ m.

The inside and outside of the filter is covered with electro-polishing which reduces possibility of particles stagnation and bacteria. There are two connections for inlet and outlet of the product. Filter has adjustable, detachable feet for more convenient usage.

Capacity: 3000 L/h.

- Ideal for aggressive, viscous and hot products.
- The mesh comes in different sizes from 10 μ m till 200 μ m.
- Filter is washable and can be cleaned by chemical solvent, hot water or steam.
- Has a long service life.
- Stainless steel AISI 316L ensures longevity as well as quality of the product.
- With sight glass and manometer.
- Beverage filter is easy to clean after using.
