

ProFruit Machinery™ is a family-based company that started with a father and son and their shared desire to offer more fruit, berry and vegetable processing possibilities for both leaders of their market and businesses that aspire to become such one day.

For almost 10 years we have been working with various fruit, berry and vegetable processing equipment in our juice production-based company “Savos sultys”. This way we have tried and tested the equipment from almost all producers in the market including it’s leaders. We have gained an extensive experience working with all the equipment parts of the processing lines, we constantly communicate with other producers and users of this equipment and for these reasons we truly understand what the effective work in fruit, berry and vegetable processing field requires.

Our core values are reliability, the highest quality and comprehensive assistance to the client in all matters. These values are also supported by the fact that our team consists of true professionals who have been working in a food processing equipment industry for more than 20 years and are capable of ensuring all the best engineering solutions.

Plate filter is made from many layers of cellulose filter sheets, which repeatedly filtrate the liquid every time it comes through another filter layer. Machine has an integrated pump which supplies the liquid. Plate filter is made from stainless steel AISI 304 and is available on wheels and in desk type.

The cellulose filter sheets are interchangeable and can have different specifications according to client's product and its needs. They provide different filtering surface and filtering capacity (from 130 l/h to 1800 l/h).

Available capacities: from 130 l/h to 1800 l/h (when filtrating wine)

- Suitable for various liquids: wine, beer, oil, juice, pharmaceutical liquids and other.
- Liquids are filtrated by many layers of cellulose filter sheets.
- Filter sheets are interchangeable.
- Made from stainless steel AISI 304.
- Can be mounted on wheels or be in desk type.
